SALT GLAZE STONEWARE

Salt glaze is stoneware with a glaze of glossy, translucent and slightly orange peel-like texture which is formed by throwing common salt into the kiln during the high temperature firing process. Sodium from the salt reacts with silica in the clay body to form a glassy coating of sodium silicate. (wikipedia)

Our salt glaze items are: freezer-safe, microwave-safe, dishwasher-safe, lead-free, cadmium-free, durable, and break-resistant. 100% made in Germany, in Hoehr-Grenzhausen since the 15th century!

CUSTOM BEER BOTTLE LIDS

These metal bottle caps are miniature replicas of traditional German stein lids. Raised-relief sculpting is used to create a figural, wraparound metal lid design featuring hops, malt, and wheat detail. The heights are adjustable, allowing the lids to fit almost every size and shape of beer bottle on the market. Tarnish-free and resilient zinc alloy material is much more durable than the pewter or plastic versions on the market.

Custom options include: engraving, embossing, epoxy resin decals, and figural/3-dimensional sculpts. Epoxy resin MOQ: 300, Custom MOQ: 500.

GLUEHWEIN RECIPE

3/4 cup water
3/4 cup white sugar
1 cinnamon stick
1 orange
10 whole cloves
1 (750 ml) bottle red wine

In a saucepan, combine the water, sugar, and cinnamon stick. Bring to a boil, reduce heat, and let simmer.

Cut the orange in half, and squeeze the juice into the simmering water. Push the cloves into the outside of the orange peel, and place peel in the simmering water. Continue simmering for 30 minutes, until thick and syrupy.

Pour in the wine, and heat until steaming but not simmering. Remove the clove-studded orange halves. Serve hot in mugs or glasses that have been preheated in warm water (cold glasses will break).

Star aniseed can also be added for additional flavor and some people add rum or brandy.

GLUEHWEIN MUGS & BOOTS

Gluehwein (Glühwein) is a German winter-holiday drink, made with red wine and spiced with cinnamon sticks, cloves, star aniseed, citrus and sugar and is served warm or hot. Glühwein mugs are believed to have originated around the year 1420 from Count John IV of Katzenelnbogen, a German nobleman, beginning a centuries-old tradition.

STORY OF THE BEER BOOT

Legend has it that a Prussian general promised his troops he would drink beer from his boot if they were successful in battle.

When the troops won, the general had a glassmaker craft a boot from glass to fulfill his promise without having to drink from his actual boot.

Today the beer boot is a mainstay at Oktoberfest celebrations around the world.
